**POLICY: ESTABLISHING NEW PRIVILEGES RELATING TO NEW TECHNOLOGY/EQUIPMENT**

**I. PURPOSE**

To establish a mechanism for approving a procedure, technique or treatment modality (“New Privilege”) to be newly performed at SHC/LPCHS/SHC Tri-Valley and/or to be included on the privilege list of any Service that does not currently grant privileges to perform the New Privilege (“New Service(s)”). Any new technology or procedure may result in the requirement for a “new privilege” at SHC/LPCHS/SHC Tri-Valley. A new procedure or technology is defined as one which differs significantly from those already listed on a Service’s privilege form, or one that requires additional education and training beyond a residency program. The “New Privilege” shall not be included on the Service’s privilege list if the new procedure or new technology is a non-FDA approved drug or device, which is subject to prior IRB approval.

**II. POLICY**

Prior to a New Privilege being added to the privilege list of any Service, it must be approved by the Interdisciplinary Practice Committee at SHC Tri-Valley and Credentials Committee and the Medical Executive Committee upon recommendation of the Credentials Committee for all hospitals medical staff, in accordance with the process/procedure set forth below. An applicant wishing to perform the New Privilege at SHC/LPCHS/SHC Tri-Valley may submit his/her request after the New Privilege has received final approval from the Hospitals’ Board of Directors.

**III. PROCESS/PROCEDURE**

- A. All requests for approval of a New Privilege to be included on the privilege list of any New Service shall be initiated by the appropriate Service Chief/Department Chair. The Service Chief/Department Chair shall be required to submit the request to the Credentials Committee, accompanied by at least the following:
1. A description of the New Privilege including location within the facility where the New Privilege would be performed and any special equipment which may be necessary.
  2. Position statements of relevant educational institutions, trade associations and specialty boards regarding the New Privilege and the recommendations and requirements of those organizations for demonstrating current competence.
  3. Identification of the category of specialists already performing the New Privilege at SHC/LPCHS/SHC Tri-Valley and/or at other Joint Commission-accredited hospitals.
  4. Recommendation(s) of the Service Chief/Department Chair for minimum education, training and experience required for a practitioner to demonstrate current competence in the New Privilege.
  5. A comparison of education, training and experience requirements of all specialties who perform the New Privilege at SHC/LPCHS/SHC Tri-Valley and/or at other Joint Commission-accredited hospitals.
  6. Recommended proctoring requirements and protocols, qualifications of proctors, and

number and type of proctored New Privileges necessary to establish current competence.

- B. Upon receipt of the information specified in Section A above, the Credentials Committee may choose to appoint a multidisciplinary task force (“Task Force”) to review and evaluate the request and supporting information. The Credentials Committee or Task Force shall conduct such reviews and interviews as it deems appropriate, including interviews with the relevant Service Chief(s)/Department Chair(s), and report its findings and recommendations to the Credentials Committee regarding:
1. Whether the New Privilege is appropriate to be performed at SHC/LPCHS/SHC Tri-Valley and/or to be included on the privilege list of any New Service.
  2. The criteria for demonstrating current competence, including (a) type of required basic education (together with any CME courses that may be required); (b) type and years of formal training required; (c) type of training that would be required if a specialty’s postgraduate residency program did not include training in the New Privilege; (d) the amount of recent direct or indirect experience required over the immediately preceding 12-24 consecutive months; (e) number and type of references required;
  3. Proctoring requirements and protocols, qualifications of proctors, and number and type of proctored New Privileges necessary to establish current competence.
- C. The Credentials Committee shall review the recommendations of the Task Force if the responsibility was delegated to a Task Force, conduct such additional reviews and/or interviews as it deems appropriate, and submit its recommendation to the Medical Executive Committee. The Medical Executive Committee shall review the recommendation of the Credentials Committee, conduct such additional reviews and/or interviews as it deems appropriate.
- D. The list will be forwarded to the Hospitals’ Board of Directors for approval after the Medical Executive Committee has approved the additions and/or changes to criteria and proctoring, Upon approval, SHC/LPCHS/SHC Tri-Valley may accept and process requests for the New Privilege.
- E. Steps A through D are to be accomplished within one hundred eighty (180) days, or as soon as reasonably possible, after the receipt of a request regarding a New Privilege by the Credentials Committee. This timeframe is to assist those named in accomplishing their tasks and shall not be deemed to create any right of any person to have the steps accomplished within this time period.
- F. A decision not to approve a New Privilege to be performed at SHC/LPCHS/SHC Tri-Valley and/or to be added to the privilege list of any New Service shall not entitle any individual to the hearing rights set forth in Article Seven of the Medical Staff Bylaws. The foregoing provision to the contrary notwithstanding, nothing herein shall be construed to deny any individual the hearing rights set forth in said Article Seven for any action that would constitute grounds for a hearing under said Article Seven.
